Abstract: A set of 9 activities is designed to reinforce the nutrition related content of the 7th-9th grade social studies curriculum. Activity topics include, world food supply, contrasting lifestyles, food facts and fallacies, factors influencing decision making, advertising and its effect on consumer behavior and cultural differences. Each activity contains a description of basic skills and nutrition concepts taught by the lesson; background information, including questions and issues raised by the lesson, lists of materials and resources needed and a step by step description of how to conduct the activity. Student handout/worksheet masters and answer keys are included. (js).

This resource book is designed to assist teachers in implementing California's history-social science framework at the 10th grade level. The models support implementation at the local level and may be used to plan topics and select resources for professional development and preservice education. This document provides a link between the framework's course descriptions and teachers' lesson plans by suggesting substantive resources and instructional strategies to be used in conjunction with textbooks and supplementary materials. The resource book is divided into eight units: (1) "Unresolved Problems of the Modern World"; (2) "Connecting with Past Learnings: The Rise of Democratic Ideas"; (3) "The Industrial Revolution"; (4) "The Rise of Imperialism and Colonialism: A Case Study of India"; (5) "World War I and Its Consequences"; (6) "Totalitarianism in the Modern World: Nazi Germany and Stalinist Russia"; (7) "World War II: Its Causes and Consequences"; and (8) "Nationalism in the Contemporary World." Each unit contains references. (EH)
