Listening, and Learning for

...

The basic motivation for interviewing is learning something new. Each chapter features two sections: "The Basics," which describes essential skills, and "Beyond the Basics," which places them into a relevant context. Moreover, interviewing skills are clearly divided into three interrelated types: Listening, Questioning, and Framing.

Moreover, interviewing skills are clearly divided into three interrelated types: Listening, Questioning, and Framing. To highlight the practical, real-world significance of interviewing, the authors encourage students to apply their learning actively and to connect their skills with ideas from other communication, social science, and humanities courses.
