Now in its seventh edition, 'Digital Marketing' provides comprehensive, practical guidance on how companies can get the most out of digital media and technology to meet their marketing goals.

The business classic, fully revised and updated for today's marketers The second edition of Kellogg on Marketing provides a unique and highly regarded perspective on both the basics of marketing and on new issues that are challenging businesses today. Includes more than 60% new material on both fundamental marketing concepts and hot topics such as Product Innovation, Social Media, Marketing to Consumers at the Bottom of the Pyramid, and Internal Branding With a foreword by Philip Kotler The Kellogg School of Management is recognized around the world as the leading MBA program in Marketing Along with the new material, the core concepts covered in the first edition have all been updated—including targeting and positioning, segmentation, consumer insights, and more. This is a must-have marketing reference.

Now in its 7th edition, Marketing Plans is a highly renowned international bestseller. The book has been thoroughly revised, and every chapter has been carefully updated with special attention to the latest developments in marketing. To accomplish this, Professor Malcolm McDonald has been joined in this edition by Professor Hugh Wilson, a leading expert on CRM and multichannel strategy as well as marketing planning. Major changes to this edition include new chapters based on the very latest research on: Planning for integrated marketing communications and digital marketing Developing multichannel strategy Developing the CRM plan Marketing effectiveness and accountability Marketing Plans is designed as a tool and a user-friendly learning, resource. Every point illustrated by powerful practical examples and made actionable through simple, step-by-step templates and exercises. The book is established as essential reading for all serious professional marketers and students of marketing, from undergraduate and postgraduate to professional courses for bodies such as CIM. Above all it provides a practical, hands-on guide to implementing every single concept included in the text. "It is clearly and powerfully written and is probably the best book on the theory and practice of marketing planning ever written. It is a best-seller in Europe and I strongly recommend the book to anyone with an interest in marketing planning." -Warren J. Keegan, Professor of International Business and Marketing Director, Institute for Global Business Strategy, Pace University, New York "I am extremely impressed by the step lucidity of what is presented." -Dr D. H. Eaton, North Carolina University "A book reaching the quantities sold of Marketing Plans must be a book that is really used. It is not difficult to see why. Malcolm McDonald writes about what to do in marketing and how to do it. Unlike many academic marketing writers, he will never let you forget that marketing ends with -ing." -Kenneth Simmonds, Professor of Marketing and International Business, London Business School "Malcolm McDonald is clearly one of the most respected Professors of Marketing in Europe and the author of a number of outstanding books. The fact that Marketing Plans has been such a massive seller offers testimony of this. McDonald writes with clarity and insight that is becoming increasingly rare today. It is powerful, up to date and has proved that it works. I recommend it to you!" -John D. Ryans, Jr, Bridgestone Professor of International and Professor of International Marketing, Kent State University, Ohio

Direct Store Delivery (DSD) is a key method of selling and distributing products for a variety of industries. In the consumer products industry, DSD is one of the strategic key growth areas, as the process delivers a broad range of business benefits to all parties of the value chain. Today, 24 of the world's Top 30 Fast Moving Consumer Goods companies employ the DSD business process. Although DSD is gaining major and steadily increasing attention in the market, it has hardly been covered by literature

and empirical studies. For the first time and including the input of both practitioners and academics, this book throws light on the topic of DSD from different perspectives, providing fresh insights and benefits. The book covers diverse topics. Among others, it delivers a deeper understanding of the DSD business process and why companies use it. Furthermore, the global status quo of DSD usage and details of its implementation will be illustrated and multi-level insights (strategic, operational) will be discussed.
