organizations, not just for managers.

Organizational Behavior [Essentials] 2e offers the same quality of contemporary knowledge, excellent readability, and classroom support that has made the hardback book by the same author team one of the best-selling OB books around the world - but in a smaller package. It applies four fundamental principles: linking theory with reality, organizational behavior for everyone, contemporary theory foundation, and active learning support. McShane and Von Glinow have sliced out the extended or secondary topics so students can drill down to what is really essential. Although this book is less than two-thirds the length of their comprehensive hardback textbook, it doesn't skimp on classroom support. In this era of active learning, critical thinking, and outcomes-based teaching, these supplements are becoming more "essential" than ever.

Delivering what we've come to expect from this author team, McShane/Von Glinow 6e helps everyone make sense of OB, and provides the conceptual tools to work more effectively in the workplace. In their new Sixth Edition, McShane and Von Glinow continue the trailblazing innovations that made previous editions of Organizational Behavior recognized and adopted by the new generation

of organizational behavior (OB) instructors. The McShane and Von Glinow text is acclaimed for:

- Linking OB concepts and theories with reality
- Strong International/Global orientation
- Contemporary Theory Foundation (without the jargon)

Organizational Behavior, Sixth Edition is written in the context of these emerging workplace realities. This book also presents the reality that organizational behavior is not just for managers; it is relevant and valuable to anyone who works in and around organizations.

"M: Organizational Behavior, Fourth Edition, has been significantly revised, guided by useful feedback from reviewers and our active monitoring of evidence-based literature. All chapters have new examples and either new or revised factoids; most chapters have new conceptual content or literature foundation.
